## The rich man and Lazarus

The parable begins by presenting its two main characters. The poor man is described in greater detail: he is wretched and lacks the strength even to stand. Lying before the door of the rich man, he fed on the crumbs falling from his table. His body is full of sores and dogs come to lick his wounds. The picture is one of great misery; it portrays a man disgraced and pitiful.

Lazarus teaches us that other persons are a gift. A right relationship with people consists in gratefully recognising their value. Even the poor person at the door of the rich is not a nuisance, but a summons to conversion and to change. The parable first invites us to open the doors of our heart to others because each person is a gift, whether it be our neighbour or an anonymous pauper. Lent is a favourable season for opening the doors to all those in need and recognizing in them the face of Christ. Each of us meets people like this every day. Each life that we encounter is a gift deserving acceptance, respect and love. The word of God helps us to open our eyes to welcome and love life, especially when it is weak and vulnerable. But in order to do this, we have to take seriously what the Gospel tells us about the rich man.

The parable then shows that the rich man's greed makes him vain. His personality finds expression in appearances, in showing others what he can do. But his appearance masks an interior emptiness. His life is a prisoner to outward appearances, to the most superficial and fleeting aspects of existence.

Pope Francis, Vatican, 18<sup>th</sup> October 2016

**The Annual Mass Count takes place at all Masses this weekend onwards.**

**One of the goals from Pope Francis' Laudato Si encyclical** is Ecological Spirituality, encouraging us to recover a religious vision of God's creation. During this season of creation, we could take some 'time out' with the natural world - in our own garden, a local green space or countryside - "in a spirit of wonder, praise, joy and gratitude".
